Dear Ms. Marks,

Thank you so much for the film!

The film is brilliant, it is definitely very well made and edited, and manages not only to show the activity of Beit Haglalim, but also to share the spirit of the place with the viewers.

We watched the film over and over again, so did the children and volunteers, and we also showed it to outside visitors – and everyone seemed to enjoy it a lot.

We are very thankful for your visit, and for showing your interest in our House.

This is yet another opportunity to thank the Annenberg Foundation for the kind contribution given to Beit Haglalim. Your donation enables many disabled children and young adults to enjoy our activities, and allows us to offer an increasing range of new and innovative approaches towards disabled integration.

We thank you very much, we invite you to visit us once again, this time in our new residence, in Moshav Even-Sappir, at the outskirts of Jerusalem, and we will be glad if you choose to continue and take part in our activity.

With Gratitude,
